

ADDENDUM #1

16-DHHS-DPHS-BPHCS-RFA-08

On November 30, 2015 the Department of Health and Human Services (DHHS), Division of Public Health Services, (DPHS), Bureau of Population Health and Community Services, Chronic Disease Prevention Screening published a request for applications accepting applications from individuals or organizations for the provision of physical activity and education consultation, assessment and implementation of two (2) statewide physical activity pilot projects.

The Division is publishing this addendum to:

1. Post the number of applications the Department received in response to this request.

The Department did not receive any proposals in response to this RFA.
